Class List and Description

A. MainStND

Learn HOW, WHAT, WHEN, & WHY to start your own 21st Century Business in today’s technological world. Learn to recognize your strengths AND weaknesses and how to attract and retain the people you need to compete and succeed. (Advisory Leadership Team Working On)

B. “Breakout” from Traditional Roles!

Feeding a growing world is one of the most vital future needs for all of us! In this session, students will have fun “breaking out” of lock boxes while learning about many career paths that are available to them and how these jobs relate to agriculture and feeding the world. Come and be challenged! Limit 24 Students.

C. CareerViewXR

Come and explore high-demand trade careers through immersive digital experiences that allow people to explore careers and communities virtually. Limit 8 Students.

D. Careers in Media

At Simmons we own/operate 8 radio stations, a video production division, electronic signs, 2 cable TV Channels and 2 weekly newspapers. We’ll discuss a little bit of everything regarding our platforms and the types of jobs and training required.

E. Team Training

Class will build an apparatus utilizing their instructions and using their team. Limit 16 Students.

F. Smart Money

A brief overview of the value of saving money and how to start investing. Understanding the balance of spending and saving and how to make “smart money” decisions.

G. NDFSA Talks Agriculture & Farm Safety!

We will take youth down the road of all things Agriculture! Including hands-on agriculture activities as well as providing some farm safety tips and teaching them about the United States Department of Agriculture!

H. How Can Workplace Hazards Be Controlled?

We will look at safety hazards in the workplace and learn about different ways to make workplaces safer. Limit 24 Students. Limit 24 Students.

I. Introduction to Entrepreneurship

Welcome to the world of problem solving and profits. In a fast 25 minutes you will learn how to create new products like an entrepreneur. Students will participate in a hands-on, upcycle project to learn how to solve problems with creativity. Bonus, they can take home their own project! Limit 16 Students.

J. Discover Japan in North Dakota

This class will provide students with an opportunity to experience unique Japanese culture. Limit 16 Students.

K. Vex Robotics 2022

We will watch the reveal of the 22 Vex Robotics game and discuss ideas, and answer student questions about what we do on a yearly basis. Limit of 16 Students.

L. Lessons About Your Money

The more you know about how to make money, how to save money, and how to spend money, the less likely it is that you will have money problems as an adult. Do you know people who never seem to have enough money? If you don't want to live that way, listen up. We have some good information to share with you today. Students will get the opportunity to look at and learn about foreign currency.

M. Manufacture a Window with Marvin

Have you ever wondered how manufacturing works? Join Marvin as we discuss how we go about making as many quality windows as we can in a day for people's homes. There are lots of jobs that make this possible, from engineers to production workers, everyone has a role to play. Limit 16 Students

N. Career on Wheels

Students will get to see the vehicles that make their town work and keep them safe.

O. Operation LifeSaver

Railroad Safety, trespass prevention, and how to report emergencies that occur while on or near railroad property.

P. Teaching Today

How to create a lesson and present it. Limit 16 students.

Q. Virtual Reality

Experience VR by going on a virtual safari using PS4 VR. Limit 16 students.

R. Different Pathways in Aviation

We will be discussing different ways to get involved with aviation. Topics will include flying airplanes, flying helicopters, flying drones, and working as ATC. We will have hands-on activities including learning the different parts of the airplane, learning the phonetic alphabet, and looking at a drone.

S. Geology of the Rendezvous Region

We will be going over the history of Pembina County during the time of the dinosaurs, getting hands-on with fossils found right here in the county.
