## Class List and Description

### B. Careers in Aviation

Fargo Air Museum and Fargo Jet Center, career introduction program at the Fargo Air Museum, STEAM, Aviation Education, and Fargo Jet Center vocations.

### B. Public Safety Bomb Technician & Technology

The role of a Public Safety Bomb Technician in our community is to render safe and explosive materials. The Bomb Technician uses technology like x-ray imaging, robots, bomb suits, and PAN disrupters to aid in the mission of the Public Safety Bomb Technician. Public Safety Bomb Technicians are Law Enforcement Officers who are highly trained to investigate and destroy explosive materials.

### C. Building Windows with Marvin

Get ready to dive into the world of engineering and manufacturing! Students will be inspired by videos showcasing the fun and importance of manufacturing engineering. They will wrap up the class by taking on the exciting challenge of building a window.

### D. Land Surveying and Mapping

Play Minecraft and learn at the same time! The Minecraft Hour of Code class lets students build and explore within a Minecraft-based module! Microsoft professionals will help students write code that instructs their characters to execute commands and overcome in-game obstacles, fostering a basic understanding of code.
