

BELCOURT EDUCATION DAY

FRIDAY, FEBRUARY 6, 2026

Marketplace for Kids

**Celebrating over 30 Program Years
2 Years of Innovation at – BELCOURT**

Dear Parents:

[Marketplace for Kids](#) is a unique education program that introduces your student to many different career options presented by those in the actual field. These classes are designed to help your student learn more about a career they are interested in pursuing or one they may not even know existed. It allows for a true experiential Day of Learning!

[Marketplace for Kids](#) challenges your student to go outside the box and develop their own invention while introducing them to entrepreneurship. This is an innovative way to utilize skills needed for the 21st century and shows them how to organize their ideas for development and growth.

[Marketplace for Kids](#) demonstrates how everyone can improve the economic future of our communities no matter your age.
